(VERSION 6 DATED 4/2/13)

Ex. 5 - Deliberative Process

Tim, Just a heads up Suzanne asked for and I sent the email below late yesterday. She had talked to Kate and was wondering what changes were being made...I'm probably in the dog house for the ORC referral question.

Ken

DATED 4/2/13)

Ex. 5 - Deliberative Process

(VERSION 6

Hi Carl and Ken,

I've attached my latest re-write of the NPL project's Preliminary DEIS general conformity comments (see 2<sup>nd</sup> file above entitled "EPA-BLM-General-Conformity-Concerns-Version6-with-SLL-and-OGC-edits-4-2-13.docx"). This Version 6 reflects the comments noted by OGC below and contained in Karen's file (see the 1<sup>st</sup> file attached above).

OGC is correct in that wherever possible, we should be referencing the State's federally-approved general conformity requirements as those are used rather than ours in 40 CFR 93, Subpart B. I also then needed to include language with regard to issues involved with our forthcoming NPR for approval of the State's Chapter 8, Section 3 general conformity SIP revision.

For your reference, the following weblinks take you to Wyoming's Chapter 6 (permitting), and Chapter 8 (general conformity) respectively;

<http://soswy.state.wy.us/Rules/RULES/8973.pdf>

<http://soswy.state.wy.us/Rules/RULES/8890.pdf>

I would suggest that you both take a look at this and let me know of needed edits. Once I have a "final" draft version from the three of us, I'll send it back to Karen (OGC) for her review. Based upon her suggested edits, we should then be able to arrive at a "Version 7" that Ken could then forward to Suzanne for editing before going to Kate for review.

Sound about right?

Thanks!

Tim

Ex. 5 - Deliberative Process

(Version

Hello Tim,

As I stated in my previous round of comments, I generally agree with the comments you have drafted to send to BLM on their general conformity analysis for the NPL project. I have added a few edits and comments on top of what Sara sent to you last week.

Tim

Thanks for the chance to look this over. A few edits/questions/comments in the attached. As I  
Ex. 6 - Personal Privacy I am going ahead and sending this to you, and also  
copying OGC's Karen Bennett (and including the various documents reviewed and cited for her)  
and letting her know this is being drafted in the event she wants to also look this over before it  
goes out (I suspect she will!). I'd normally coordinate with Karen before sending to the  
comments to you, but I know you are anxious to send these so I want to keep the process  
moving Ex. 6 - Personal Privacy

Thanks,

**Sara L. Laumann**

Tim

Just to clarify/confirm, the comments you have drafted are regarding the following language from the attached document(s), if your draft comments are on other language, can you let me know what that is?

Thanks

Sara

Draft chapter 2, on page 2-5 and 2-6 (in case this format is too hard to read - as it is for me)

Ex. 5 - Deliberative Process

(Version 5 dated 3/27/13)

Hi Sara,

As we discussed just a bit ago, I have attached our latest version (#5) of draft general conformity comments related to two sections of the BLM's preliminary DEIS for the NPL project in Wyoming's UGRB 8-hour ozone nonattainment area.

It would help us much if you could give a short review to just draft comment number 1 in the document (see language as in blue) as it relates to drill rig engines. We drew upon much of the information that Region 8 provided previously to Jeremy Nichols, on his issue of permitting drill rig engines in Colorado, from our letter of June 2, 2009 (please see the attached .pdf file).

Thanks much for your help!

Tim
